

{eHacks} 2023

What the SIUE hackathon
When March 3 to 5, 2023
Where T-Rex, 911 Washington Ave.
St. Louis, MO

The SIUE {eHacks} hackathon was founded in 2016 with the goals of learning, community-building, entrepreneurship, and fun. Since that first year, we have achieved just that: students learning about tech and entrepreneurship while engaging the community and having fun.

Naturally, eHacks paused in 2020. In 2023 {eHacks} will return to **T-Rex**; likely bringing more than 100 of the brightest collegiate students from the region together for a weekend-long 'invention celebration'.

SIUE {eHacks} only happens with the generosity of our sponsors. **Sponsors make {eHacks}** and our high school outreach events, such as SheCode, possible. Please see the reverse for information on how to get involved.

SOUTHERN ILLINOIS UNIVERSITY
EDWARDSVILLE
